

DRIVER ESCAPES with minor injuries from this accident. Steve Watkins, 16, of 9425 W. Hickory St., Arbury Hills, a student at Lincoln-Way High School, was driving into Mokena a few minutes before 5 p.m. Sept. 25 and when he went into the curve at Schoolhouse Rd. and 191st St. a tire blew, he reported to Deputy Sheriff Walter Muehler. The car apparently went up to the top of a steep embankment on the west side of the road and then spun downward. The driver was thrown about by the wild action and his head struck the windshield, breaking out a large piece of glass. X-ray examination at Silver Cross Hospital did not show a fracture. Young Watkins suffered head cuts and cuts on the legs, some of which required stitches. He also lost the eyeglasses he was wearing.

Mokena Boy Hit In Viet Nam Fighting

PFC Scott R. Peterson, 18, who left Lincoln-Way High School last January to enlist in the army, is in an army hospital in Viet Nam, recovering from wounds suffered in a fire fight Sept. 23.

He is the son of Mr. and Mrs. Leroy Peterson, 11132 W. Parker Rd., Mokena.

Since his parents received notice that Scott had been wounded they have received a letter from him last

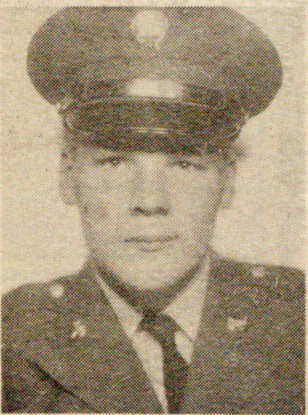

Saturday. He said that he had a piece of shell fragment in his right hand, and in his right eye.

At the time he wrote the pieces had not been removed but the doctors were hopeful that his eye would not have permanent damage. The eye was still swollen shut. Scott said when he wrote, so he did not know if there was any impairment to his vision.

He was stationed at Pleiku, and his outfit works out of there. Cards and letters should be addressed to PFC Scott R. Peterson, RA16910266 Co. D.1/22 4th Infantry Div., APO SF96381, Hospital Mail Section.

When Scott enlisted he joined the Airborne section but a whiplash injury while training caused his transfer him to the infantry.

He has a sister, Laura, a senior at Lincoln-Way, and two brothers, Greg and Lee, and a sister, Therese, who attend Willowcrest School.

PFC PETERSON

T E E N A GUENDLING, daughter of Mrs. Helen and the late Fred Guendling, 189th and Wolf Rd., Mokena, has completed training at the Trans World Airlines' Flight Hostess School in Kansas City. She is assigned to Star Stream flights from Kansas City Municipal Airport. Prior to joining TWA, Miss Guendling was employed as a secretary. She is a graduate of Lincoln-Way High School.

L-W vs Rich E. Saturday

Lincoln - Way's varsity football team goes to Rich East for another conference game this weekend. The two teams will meet Saturday afternoon. It should be a good game. Both teams are smarting from defeats last Saturday, Rich having been blanked by Carl Sandburg, 20 to 0, and the Knights losing to Oak Lawn, 28 to 20.

Skip Sullivan, senior quarterback for the Oak Lawns, tossed three touchdown passes, two of them to his split end, Craig Sabatini. The two teams battled up and down the field for most of the first period without doing anything to cause the scorekeeper to lift a pencil. Then with less than three minutes to go, Bruce

Spooner, a halfback, barreled over from six yards out and Don Klenner kicked for the extra point to put the Spartans -- as the Oak Lawns are called -- in front 7 to 0.

Lincoln-Way succeeded in getting to their enemy's seven yard marker before the quarter ended but couldn't push it over. The Spartans couldn't get tracking and punted. Lincoln-Way then launched a drive on its 36-yard line. An exchange of penalties and some running by Vaughan Karkas and Todd Mangun brought the ball to the Oak Lawns 12. The Knights quarterback, Harold Webb, passed to Jim Trussell for 11 and went over with a keeper. Lincoln-Way failed to get the extra point and it

was 7 to 6.

On the first play after the Knights had kicked off, Sullivan went to the bomb and connected with Sabatini on a 55-yard pitch that was good for a score. Klenner kicked for the extra point and it was 14 to 6, Oak Lawn when the half ended.

Lincoln-Way was quick to capitalize on an Oak Lawn fumble shortly after the second half opened. A pass to Mangun and runs by Mangun and Karkas advanced the ball to the Spartans' 13-yard mark. Two plays later Mangun carried the ball the last four yards without anyone laying a hand on him and then ran it over again for the extra point.

Early in the fourth per-

iod the Oaks got the ball on a punt and Sullivan again went to the bomb, connecting with Sabatini with a toss of 41 yards for a score. Klenner kicked the extra point and it was Oak Lawn 21, Lincoln-Way 13.

On a fourth down Webb faked a punt and ran the ball for a first down, from his own 35 to the Oaks 48. A series of running plays ended with Karkas going over for a touchdown and Mangun running for the extra point so the count was 21-20 with less than three minutes to go. On the last play of the game Sullivan threw another touchdown pass, this time to Tim Holcer and again Klenner booted the extra point so the final score was 28-20,

Pick Merit Semifinalist From Lincoln-Way High

An Arbury Hills girl, Barbara Klein, 17, a senior at Lincoln-Way High School has been named a Semi-finalist in the 1968-69 National Merit Scholarship program.

The daughter of Mr. and Mrs. Lloyd J. Klein, 9418 Willow Lane, Barbara has maintained an "A" average since she entered high school from Arbury Hills grade school. She is a member of the National Honor Society, Mu Alpha Theta, a mathematics group, and the Future Teachers of America.

Miss Klein had considered a teaching career when she began high school but has changed her mind. Her goal is to become a research chemist.

She is one of 15,000 Semifinalists that are among the nation's most intellectually able high school seniors and will compete for one of the 3,000 Merit Scholarships to be awarded in 1969.

Miss Klein was one of the highest scorers in Illinois on the National Merit Scholarship qualifying test given last February in 17,500 high schools in the United States.

The Semifinalists show great promise for leadership in their adult careers, according to John M. Stalnaker, president of the National Merit Scholarship Corporation.

"They have already demonstrated high intellectual capacity and a readiness to develop their abilities," he said. "These students deserve credit and honor. They bring honor to their families, as do their teachers and their communities. Their future success, however, will depend increasingly upon their ability to become productive at the high intellectual levels of which they are capable."

Semi-finalists must advance to Finalist standing to be considered for Merit Scholarships, since all winners will be selected from the Finalist group. Semi-fi-

nalists become Finalists by receiving the endorsement of their schools, submitting scores from a second examination, and providing information about their achievements and interests.

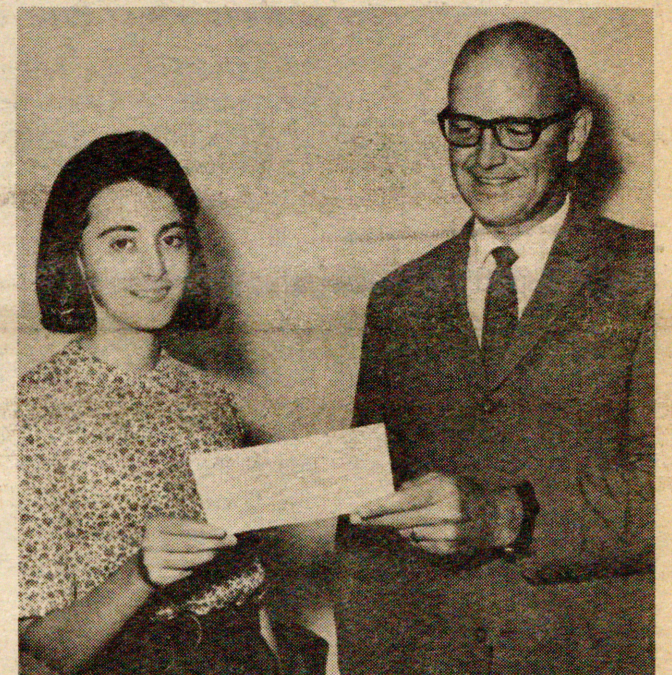

Every Semi-finalist who becomes a Finalist will be considered for one of the 1,000 National Merit \$1,000 Scholarships, allocated by state. Many also will be considered for the four-year Merit Scholarships.

Names of the 1968-69 Merit program will be announced next May, it was said.

Jonas Lashmet, director of guidance at Lincoln-Way High School, who announced

that Miss Klein was one of the Semi-finalists, also announced that seven other Lincoln-Way students have received Letters of Commendation, honoring them for their high performance in the National Merit Scholarship qualifying test.

The commended students are, Nancy J. Landfried, Rt. 1, Mokena; Tobin J. Mathews, 193 Oakview Drive, New Lenox; Gordon K. Mundt, 265 Thelma St., Manhattan; Marion K. Nuetzmann, 164 E. Wood St., New Lenox; Stephen D. Price, 172 Hawthorne St., New Lenox; Kathleen A. Rauch, 10817 Third St., Mokena, and Linda A. Roesel, 212 W. Second Av., New Lenox.

The firemen who serve these suburban departments do so on a volunteer basis.

From the left they are: Maureen McCarney, a junior at Providence High; Lynn Jencon, a sophomore at Lincoln-Way; Mary Ann Meyer, a junior at St. Francis Academy, Joliet; Janet Jankowski, a senior at Joliet East; and Joyce Malnar, a junior at Joliet West.

New Liquor Ordinance At N.L. Raises Fees

At the meeting of the New Lenox village board last week -- which had been recessed from the week previous -- a revised liquor ordinance was adopted which raises license fees, provides for eight classes of licenses and would make it possible to issue two licenses in each class, if and when conditions would recommend such a step.

The hours for selling alcoholic beverages are limited to from 6 a.m. to 1 a.m. each day except Sunday when the opening hour is 12 noon. The closing hour would still be 1 a.m. the following morning. The trustees felt there was no reason for extending drinking hours on the weekend.

License fees are to be paid in full at the time they are taken out. Licenses will run from Jan. 1 to Dec. 31. The only licensee who may pay less than the full year's fee is one who starts in business after June 30. Then he pays a half year's fee, whether it covers six months or one month. There will be no refund on licenses only used a portion of a year.

License fees will range from \$1,000 to \$5. The top fee is for Class H licenses which provide for the operation of motels where there is a bar or bars, plus the serving of drinks where food is served. A restaurant, with a bar, comes under Class G, and the fee is \$800. A restaurant that serves drinks to diners but has no bar will pay a license fee of \$700, as will a tavern, or bowling alley serving alcoholic beverages, or a package store. The license for a club bar or for a place that limits the sale of alcoholic drinks to beer, is \$400, which has been the license fees for taverns in the past. The \$5 license is for picnics where drinks are served.

Establishments now operating will continue to operate under current licenses until Dec. 31. However, should any new businesses start up before Dec. 31 they will be governed by the new ordinance. The other provisions in the measure follow the state law on liquor licenses. The ordinance appears complete elsewhere

in this issue.

An ordinance also was adopted requiring an applicant for a change in zoning to pay a \$25 fee, such fee to accompany the application for a zoning hearing.

Several ordinances covering annexation of various tracts to the village also were adopted. One was concerned with the properties in the Cedar Rd. - Francis Rd. - Inner Circle - Maple Lane - Elm Drive area where sewers are to be extended at the cost of the lot owners. There are some lots there, however, that are not included in the annexation. The Sheldon Hauck Jr. and Dwight Egle property at the northeast corner of Francis Rd. and Cedar Rds., was also annexed and zoned, as were the different parts of the sewer extension area.

There are businesses concerned in both sections and the Hauck - Egle tract will be devoted entirely to business. Also annexed is part of a lot owned by Joseph J. Sitar on Willow Lane, just off Elm Drive, and a lot owned by Mr. and Mrs. Peter Blasio.

New Lenox Police Will Hold Dance

The New Lenox Police Association will hold its annual "Policemen's Ball" the night of Oct. 19. The affair is to be held in the Elks Ballroom, 155 Scott St., Joliet.

Proceeds from the dance are used to provide some of the fringe benefits for members of the department and their families that the Village is not financially able to do, it was explained.

Gene Victor and his orchestra will provide the music. Prizes also will be distributed, according to a spokesman for the Association.

Tickets, now available, are \$1.50 each, or \$3 a couple.

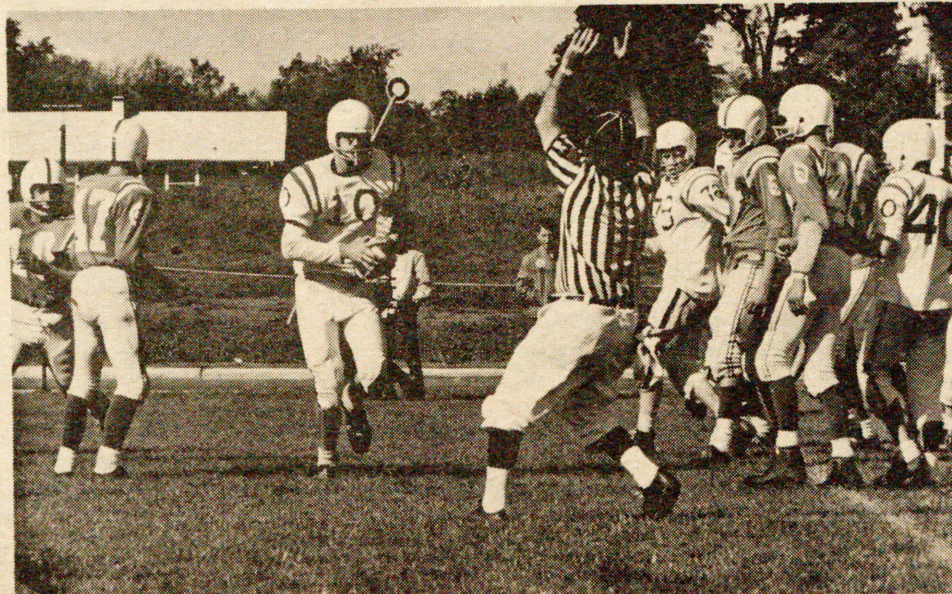

Newbeck's plans for development of approximately 60 acres off N. Cooper St., was referred to the New Lenox Planning Commission by the village board. The developers are talking about annexing. Some village officials are dubious about the plans the developers have for a lift station.

It was announced at last week's meeting that a study of the situation pertaining to the financing of the proposed water system makes it apparent that the most advantageous way would be to re-finance the sewer revenue bonds and issue new bonds covering both sewer and water improvements. Columbian Securities are prepared to handle the details, to be announced later.

Mayor Joseph Hartung appointed Trustees Earl Schroeder, Wilbur Thacker, Jack Batson and Robert Randolph to arrange for an outdoor Christmas display by the Village Board.

The money held in escrow to assure completion of the streets in the Mc Tee Subdivision has been released since the roads have been accepted. The money spent on the roads by the village last winter was taken out of the sum on hand.

The village board approved the motion of Thacker, head of streets, that a new snowplow be purchased. Bids will be taken.

Warning Auto Agency Changes Hands Oct. 7

An era of a car agency dealership that has been in operation over 45 years by three generations of one family, will change hands on Oct. 7, due to the recent sale of the business.

An announcement to this effect has been made by Stanley Warning, present operator of the Warning Chevrolet Agency at Frankfort. The dealership will be taken over by Phillip Pascarella of Chicago Heights who has a used car agency in that city.

Under Pascarella there will be a \$400,000 new building constructed at the junction of the local highways. Warning will retain ownership of the Kansas street building. It is stated a number of antique dealers, including some from the Old Town section of Chicago, are interested in the present building when the new agency facility is completed.

Warning's late grandfather, Fred, established a Model T Ford agency in Frankfort some 45 years ago when the village was a small community of 500 persons. Fred Warning had been a farmer and was in the feed business. He was also one of the founders of the Frankfort State Bank.

Raymond Warning, father of Stanley, had a Chrysler - Plymouth dealership. He sold Oliver Farm Equipment that was originally Hart-Parr Tractor Co. of Cedar Rapids, Iowa.

The present owner developed the business from selling 5 to 6 new automobiles a month to as high as 62 cars a month. The retiring car dealer said good manpower in general and good mechanics in particular are increasingly hard to come by.

"I'm not sure yet what I am going to do. There are many opportunities. I might sell cars for someone else," states Stanley. His brother, Glenn, is the present Mayor of Frankfort. Stanley is past president of the Frankfort Lions Club and has been active in the Frankfort United Methodist Church.

He sees a bright economic future for the Frankfort area, and believes the Green Garden Township area south of Frankfort is the logical site for a major airport.

Monday Is Pick-Up Day At Frankfort

Next Monday, Oct. 7, will be pick up day at Frankfort.

That is the day when residents can get rid of all the junk and rubbish that may have come to light since a similar day last May. All one has to do to get rid of the stuff is to get to the spot where they put their garbage cans.

Building materials will NOT be picked up, it was emphasized by Trustee Gerald Francis, who is in charge of the program.

Miscellaneous household rubbish must be in containers, residents have been informed. Those who do have some odd bits of lumber or pipe about that they want hauled away must cut it in 4-foot lengths and bundle them. The same goes for shrubbery and tree trimming refuse -- the stuff must be cut in short lengths,

at least not to exceed four feet, tied in bundles and put out with the other things the garbage collector will pick up.

Frankfort has two pick up days a year -- the first Monday in May and the first Monday in October. The village board arranges for this service.

Elect Barr To N. Lenox S & L Board

William G. "Bill" Barr, Joliet, state representative from the 41st District, was elected to the board of directors of the Lincoln-Way Savings and Loan Association at the recent annual meeting.

The other members of the board, all re-elected, are Lloyd Berlin, G. Merrill Cooper, C. L. Klasing Jr., Stuart C. Kroesch, Earl R. Moss, Donald A. Nepote, John W. Oster, Dr. Claude W. Otto and Donald F. Wennlund.

Lloyd Berlin was re-elected president. Don Nepote is executive vice president.

To Sell Candy

The second annual Candy Sale by Stagg high school students is underway thru Oct. 14. Students will be selling a 50 cent chocolate bar and a one dollar box of turtles.

Students are competing in class competition, as the winning class will receive \$50 for their class; second prize is \$25; third is \$15 and fourth is \$10.

Motor Club Offers New Highway Plan

Gerald W. Cavanagh, president of the Chicago Motor Club, urged state officials to reject any plans for further toll road expansion in Illinois until such time as the 1969 General Assembly has had an opportunity to fully consider the motor club's recommended highway program which offers an alternate method of financing badly needed new limited access highways thruout the state.

In expressing opposition to possible construction of a toll road between Chicago and Quincy and extension of the East-West tollway, Cavanagh emphasized that the motor club feels no toll road should be authorized unless it is demonstrated conclusively that it is essential, economically justified, and that there is no other way it can be built out of current or contemplated taxes or by some method other than tolls.

"The motor club recognizes the critical need for new highways in Illinois, including the proposed Quincy to Chicago route," said Cavanagh. "That is why the motor club is advocating a realistic highway plan which would result in the construction of new routes throughout the state while at the same time eliminating the need for expansion of the toll road system."

The motor club plan calls for creation of an Illinois Emergency Highway Authority authorized to construct or improve specified highways and to obtain the financing through a 30-year, \$1.2 billion revenue bond issue. Under the Club proposals, a new gasoline tax of one cent per gallon and a new diesel fuel tax of two cents per gallon would provide the funds needed by the Emergency Highway Authority to pay off its bonds. The plan would provide the necessary funds for early construction of more than 800 miles of new highways in Illinois including a free limited access highway connecting Chicago and the

Quincy area and a free extension of the East-West tollway to Rock Island.

Club proposals call for these additional taxes to be distinct and separate from the present motor fuel tax, only 35 per cent of which now goes to the state. The remainder of the present tax is divided among townships, counties and municipalities. Funds from the new tax would go solely to finance roads specified in the recommended legislation.

Cavanagh pointed out that motorists who use current toll roads in Illinois pay a toll equivalent to a 40 cents gas tax. In addition, he cited the following inherent disadvantages to the motoring public which are characteristic of all toll road systems:

--Inadequate provision for a sufficient number of exits and entrances for maximum public benefit;

--The tendency for a toll road organization to seek an ever-lengthening term of existence thru the addition of extensions to the original system, making it difficult to ever retire the bond issue and convert the toll road to a free highway.

"The creation of a toll road authority by the Illinois General Assembly in 1953 was to make possible the construction of needed expressways in the Chicago metropolitan area," he said. "Progress on the Interstate System, coupled with the proposed highway recommendations being made by the motor club, make it unnecessary to impose an additional toll road on motorists. If any step should be taken, it should be in the direction of eliminating tolls."

Cadmium New Pollution Threat

At last, hippies may find a benevolent use for all that hair. Since hair is a natural storehouse for metals, it can be tested to monitor the amount of various metals in the atmosphere.

Dr. Harold G. Petering and David W. Yeager of the University of Cincinnati's Kettering Laboratories, in their studies of zinc, copper, lead and cadmium content of hair, have become concerned over the increasing levels of cadmium they are finding.

Cadmium, a dull bluish toxic metal resembling aluminum, has been used in-

creasingly in industry to plate hardware against rust, and more recently in the manufacture of color TV picture tubes. It occurs occasionally in foods.

Cadmium is far more toxic to man than is lead. Like lead, it tends to localize in such organs as the liver and kidneys, caus-

ing considerable damage.

It is not an essential element to life, as are zinc and copper, therefore it is a foreign substance which displaces zinc in the human body.

Petering's and Yeager's work, supported by the U.S. Public Health Service, suggests through an analyses of hair of individuals in an

urban environment that the atmosphere, of industrial areas should be searched for sources of cadmium pollution.

If hair can absorb it from the air in measurable quantities, so can lungs and the alimentary tract.

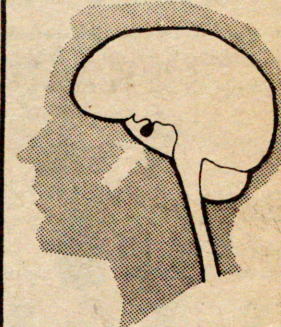

To determine the metal content of hair, the two researchers extract the oil, lacquer and dirt adhering to clipped samples. They then wash the hair with a mild detergent, dry it, then reduce it to ashes for analysis.

CANADIAN MYSTERY -- A shockingly low level of vitamin A has been disclosed in the livers of Canadians. The Food and Drug Directorate cannot attribute it to diet alone and warns that "drugs, pesticides or

food additives may be responsible."

CYSTIC FIBROSIS AID -- By getting rid of the mucus which forms in the lungs of youngsters with cystic fibrosis, doctors hope to keep them alive long enough to find a cure for this disease. A new mechanical jacket which thumps the chest unclogs the respiratory tract six times faster than previous devices.

SCALP NICK saves babies -- Developed in Germany and now used by obstetricians at St. Luke's in Cleveland, a new method of testing a drop of blood from the scalp of a baby as it descends the birth canal can tell if it needs oxygen immediately upon delivery.

MASTER GLAND

The pituitary gland is called the "master" gland because it controls the activities of other glands. It makes and releases the hormones that stimulate the sex glands, the thyroid gland, and adrenal gland, and regulates growth and other body functions. It is located almost at the center of the skull.

The Junior Scientist New Uses for Balloons

How many practical uses can you think of for a balloon? You have surely heard of weather balloons that carry instruments up into our atmosphere to keep watch on global weather patterns.

The Echo communications satellites are also like huge balloons.

Scientists are now beginning to come up with some pretty clever things to do with balloons right here on Earth. One example is the use of a balloon as a prefabricated building.

These structures, generally designed for temporary use, often come folded up like a carton. They're lightweight, inexpensive, and

can be assembled easily and quickly -- with the right equipment.

Moving ordinary building materials and heavy machines like cranes to a "construction" site can be costly. Moving a balloon building to a site, before it's filled with air, is no trouble at all.

Balloons can also be used to help build prefabricated houses. Suppose you want to erect a roof section of a new house. Just blow up a big balloon under the roof slab and up it goes.

Then you can slip wall sections into place and after they are secured the balloon can be deflated.

Using the same basic idea,

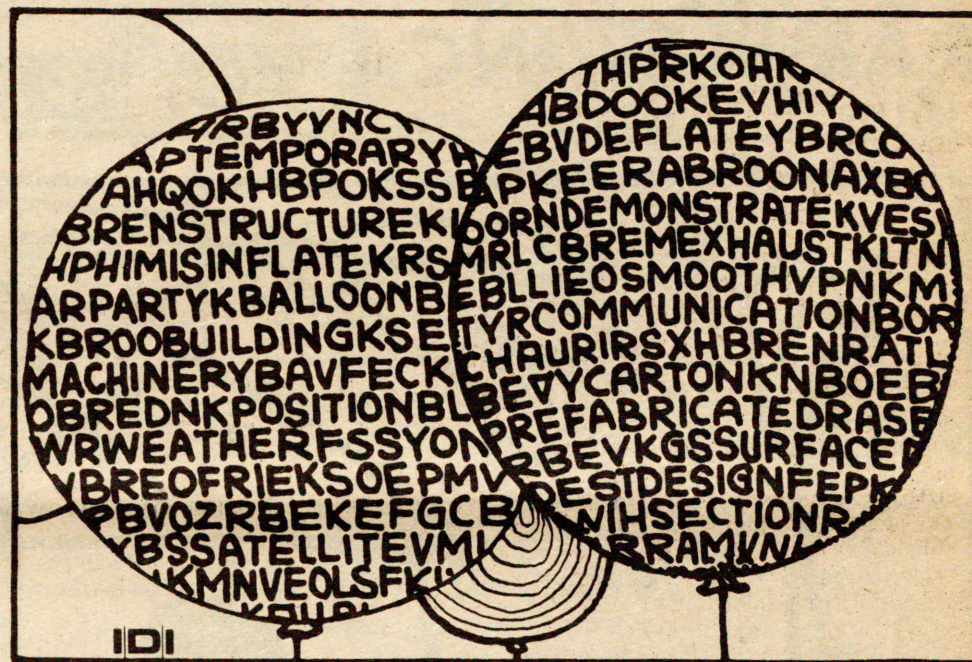

a new jack has been demonstrated in England. The jack is actually a balloon that's placed under the car or load to be lifted.

When the balloon is inflated, using the car exhaust, the load is lifted.

Now don't try any of these tricks with the balloons left over from your last party. They're not nearly strong enough.

But here's something you can do. Find 20 words (each five or more letters long) hidden in the letters on the balloons.

ANSWERS: balloon, party, building, prefabricated, machinery, position, inflate, deflate, demonstrate, exhaust, surface, temporary, design, section, structure, carton, weather, communication, satellite, smooth.

A test dummy (right) models patches of a new material called MetNet, which is designed to measure the amount of pressure to which the body is subjected in a simulated automobile collision.

The material, a metal foam, was developed by the Metallurgical Engineering Department of General Motors Research Laboratories. Fabricated with closely controlled crush properties, MetNet retains a clear impression of the pressures applied during test crashes.

The impact-caused crush of the material can be measured at every point, even where contact has been slight.

Photo at left shows a plastic replica of one of the patches of MetNet that was crushed between the dummy and the steering wheel revealing the impression of the steering wheel rim and spoke.

It is hoped that, with continued research, the material can be used to determine the injury hazard of various automotive interior surfaces.

Last Chance For Tour

The last chance this year to see Chicago from its waterways is being offered by the Chicago Travel Club on Saturday and Sunday, Oct. 12 and 13.

The all-day fully lectured tours will cruise the Chicago River, the Sanitary and Ship Canal, the Calumet-Sag Channel, Lake Calumet, and Lake Michigan in a heated, glass-enclosed boat.

Those taking the tour will explore the biggest inland ocean port in the world; sail under 100 bridges, and have an opportunity to photograph Chicago from a new angle.

**Anywhere you can run wire,

Modern electric heating and air conditioning means comfort. Any way you want it. And *anywhere* you want it.

Electric heat lets you design the heating arrangement best suited to your home—and your needs. For instance, with a central system, it's easy to add air conditioning, electronic air-cleaning, or dehumidifying. You can even combine various electric heating systems, if you want. Or install zone-by-zone control for bathrooms or baby's room.

And if your house ever has to grow some just to keep up with your family, no need to invest in a bigger furnace. With modern electric heat, adding heating capacity for each new room can be as easy as adding new wiring.

In fact, give us enough wire, and we'll heat the world. And cool it. You wait and see.

Frankfort SPC Winds Up Park Activity For Year

Mrs. Katharine Heisner
Telephone 469-5187

The Special Park Committee -- which originally was organized to promote a public swimming pool but later elected to turn its efforts to development of Frankfort Community Park -- wound up its current season last weekend with installation of a backstop at the ball diamond and playground equipment in Lincoln Meadows Park.

The group, which since last November has been acting under the chairmanship of Village Trustee Gerald Francis, plans no meetings this winter. The Committee will meet again next April, however, to complete plans for the annual spring cleaning of Community Park. The clean-up is slated for the last Sunday in April. The SPC also plans to install a

set of steel bleachers at the ball diamond, at the same time.

At its last business meeting held early last month, the SPC authorized payment of outstanding bills to Champion Recreation Equipment Corp. for \$294.37 for bicycle racks and six chair-swings, and a \$125.52 bill from E.P. Reiter Co., for three kindergarten chair-swings. The Committee also reported taking in \$62.81 on cake the members sold at the Lions Club Sauerkraut Day supper this year.

The SPC, with its own earnings plus the contributions in money and labor from the Village of Frankfort, has enabled Community Park to operate for many years. Early this year a park district was formed and a park board elected. It will not have any money, however, until next year. Meanwhile the village board will continue to support the park until the park board is able to take over. When that time comes the SPC will also end its responsibility for maintenance of the park.

The Village Board will turn the park over to the park district in the spring, when the district should begin to get some money from the tax rolls. The consideration for the transfer is \$1. There is a provision in the deed, however, that in the event the tract is abandoned for park purposes by the park district, the title will revert to the village.

Mr. and Mrs. James A. Hobbs, 109 Towncrest Drive, New Lenox, are the parents of their first child, a girl, born Tuesday, Sept. 12, at Silver Cross Hospital. The baby weighed 7 lbs. 3 oz. and has been named Victoria Lynne. Mrs. Hobbs is the former Miss Betty Kampe of Frankfort.

The Frankfort Women's Club met Sept. 19, at Mrs. Albert Krusemark home. The program was a travelog with a new slant, "a bicycle tour from Copenhagen to London." The speaker was Donald Stevenson, adult leader of the tour of 15 boys, ages 12 thru 15, who also is assistant principle of the Junior High School at Matteson. He shared experiences as an educator and informal leader of boys. His previous experience as a photographer was evident in the quality of the slides he showed. He spiced his talk liberally with amusing incidents shared by the boys and incite gained by his close association with adolescent boys.

Mrs. Michael McAndrew, President, presided at the business meeting. Mrs. Raymond Page, Vice-president, thanked the club for the good cooperation received which made the Fall Festival Smorbesborad a great success. It will make possible the goals and projects proposed by the ways and means committee. Mrs. Donald Stuckey gave the ways and means report and tentative

budget for the year.

Special projects the club will support are the Frankfort Community Park, Frankfort Library, a Christmas cash donation to area servicemen and the Trinity School. All about \$1,000 will be spent for projects in the Frankfort Community. The Chamber of Commerce will be given a donation to help defray expenses incurred from the Fall Festival Days.

The club will sponsor a Christmas Ball at Prestwick Country Club, Saturday, Dec. 7.

Open Letter from the HIRSCHS'

Dear friends,

Benjamin Franklin, at the death of his brother, said this: "Our place was not ready and so he has gone on before us; but we shall meet him again because we know where to find him."

The general attitude now toward the loss of loved ones is very much as Franklin expressed it - "They have gone on before". In our profession, we see that faith expressed so frequently in so many beautiful ways.

Robinson - Kokal Vows Said In Mokena Church

Wedding promises were recited by Cindy Lou Robinson and Ronald W. Kokal at 7:00 p.m. Candlelight service Aug. 24. Rev. Laslo Hunyady double-ring ceremony in the St. Johns United Church of Christ.

The bride is the daughter of Mr. and Mrs. Norval K. Robinson, Mokena, Ill., while the bridegroom is the son of Mr. and Mrs. Peter A. Kokal of New Lenox, Ill.

Arrangements of white gladioli and twin candelabra with lighted white tapers decorated the altar of the church.

Mrs. Ruth Lindberg, organist, presented a program of wedding music, and accompanied the guest soloist, Mrs. Dennis Pfeifer.

Given in marriage by her father, the bride wore a toe touching wand slim sheath skirt, topped by fitted bodice possessing a shallow scalloped neckline and short slightly belled sleeves all of bridal white organza over ribbed taffeta. The court length mantle type train of sheer organza flowed from back of the neckline. Wide, scalloped bordered re-embroidered alencon lace paved in seed pearls overscored the bodice and sleeves, rimmed the skirt, and train and reappeared as motifs on body of train. A high modern crown of re-embroidered alencon lace, lavishly beaded in pearl and cut crystal securing a polanaisse veil flowing to court length with full elbow length tier and mini blusher all of pure silk English illusion. She carried a classic cascade of Phaleanopsis Orchids and Stephanotis.

Attending the bride as matron of honor was Mrs. Lynn Kronvald of Schiller Park, Ill. She wore a peacock blue chiffon over color

cued taffeta sheath, near floor length overscored by redingote of chiffon. The directoire bodice possessed scoop necklines and three-fourth length sleeves. A wide band of dyed-to-match venice lace encircled the high rising bodice. A tailored bow at the back of the neckline was another fashion detail. Her headpiece was a face framing group of color cued petals and flowerlets with a jet veil of maline. She carried a pendant cascade of white gladioli, and tinted baby's breath. The bridesmaids, Miss Carol Chisholm, Mokena, Ill., Miss Bonnie Anderson, cousin of the bride, Midlothian, Ill. and Mrs. Darlene Lockhart, sister of the bridegroom, New Lenox, Ill., were dressed identical to the matron of honor.

Karen and Jill Forst were the little flower girls and wore gowns patterned after the other attendants, and carried little white baskets

filled with rose petals.

Merle Atkins, fraternity brother of the bridegroom served as best man, and the groomsmen were Thomas Tingleff another fraternity brother, Thomas Hamilton, Gary Baughan, cousin of the bridegroom. The ushers were Thomas Hull and Dennis Pfeifer.

For her daughters wedding, Mrs. Robinson donned a street-length dress and jacket in a light blue silk brocade with harmonizing accessories and wore an orchid corsage. The bridegroom's mother, Mrs. Kokal, selected a pink lace over a pink sheath with harmonizing accessories, and wore an Orchid corsage.

250 guests attended the reception at Silver Lake Country Club. Following a honeymoon to Nassau, in the Bahamas, the newlyweds are now at home at 1101 South Mattis, Champaign, Illinois, where Mr. Kokal is attending the University of Illinois.

Mokena Lions Improve Park

The Mokena Lions, who for many years have been supplying and maintaining the play equipment for Village Tot Park, as the village park has come to be known, have just completed a number of improvements.

Two picnic tables have been added, a drinking fountain installed, trees trimmed and repairs made to equipment and benches.

This is the second time the Lions have installed a drinking fountain at the west side of the Library. Vandals wrecked the first one. While the Lions donate the equipment and help to maintain it and the park, ownership of the equipment is vested in the village.

Village officials, in cooperation with the Lions, have restricted use of the playground equipment

to youngsters not over 10 years old. The equipment was made for use of the younger children -- who are also heavier children -- should utilize the equipment at Community Park, it was said.

The Lions, however, would like to have parents remind their children that the village park has been developed for them, and they should make proper use of it and not damage it.

Being adjacent to the Library the village park provides a pleasant area where youngsters can play, have picnics or read and the Lions plan to continue to keep the place attractive. They would appreciate some cooperation, however, a spokesman pointed out, and parents can help by teaching youngsters to behave.

A Of C Elects Orler As Its New President

Dolores Anderson
Telephone 485-2365

Gary Orler, vice president of the New Lenox Association of Commerce. The election was conducted in conjunction with the regular

meeting last week at Bruns restaurant.

Other officers chosen are, Everett Hauck, vice president; Mrs. John Matasovic, secretary, and Dwight Egle, treasurer.

The meetings of the Association have been held at noon on the second and fourth Tuesdays. Orler indicated there is a possibility that one of the meetings will be held at night. It is difficult

for all members to attend noon meetings, it was said, and most of the members that have been approached on the subject reportedly are in favor of having at least one of the meetings held at night.

Orler, who also is chairman of the Halloween parade committee, said plans are advancing for that event which was so popular with the youngsters of the village last year.

The Association had planned on street decorations for the Christmas season but has been unable to obtain permission from Commonwealth Edison to make use of their poles. In Mokena, for instance, the village owns the light poles along Front St.

At the meeting last week several candidates for the Will County offices were guests and made brief talks, Kenneth George, seeking reelection as recorder of deeds; Berle Needham, of Mokena, candidate for auditor, and Louis Bertani, a candidate for state's attorney.

The Auxiliary to VFW Post 9545 Harry E. Anderson Post, will sponsor a Rummage sale on Thursday and Friday, Oct. 17 and 18 at the Post home, 323 Old Hickory Road. Anyone wishing to donate articles for

The members of the Chancel Guild of Trinity Lutheran church will hold a rummage sale at the church, North Cedar road, today (Thursday) from 12 noon until 9 p.m., and tomorrow from 9 a.m. until 12 noon. Chirman of the sale is Mrs. Joseph Cvelbar.

The Will County Federation of Garden Clubs meeting will be held Monday Oct. 7 at St. Rose Church in Wilmington. The program will be "Nine Tables Spanding the Seasons" given by Mrs. Ruby B. Heckel of Downers Grove, Ill.

Advance reservations for the program and luncheon will be \$2.50, to be made with Mrs. Walter Munch, 2005 South Hamilton street, in Lockport. Today is the deadline for reservations.

The meeting and program will begin at 10:30 a.m. The Wilmington Garden club will be in charge of the flower show and advance reservations are to be made with Mrs. Henry Merkel of Fork Bend Farm, Route 1, Wilmington. The board meeting will start at 10 a.m.

The various Circles of the United Methodist church will meet this week. On Tuesday night, the Ruth Circle members met at the home of Mrs. Mary Shinneman, 128

Oakview drive.

On Tuesday Oct. 1, at 9:30 a.m. members of Mary Circle met at the home of Mrs. Bruce Srout. Mrs. Kathleen Stimmell was assisting hostess. Plans were made for the annual church bazaar to be held Dec. 2.

On Wednesday Martha Circle members had a dessert-luncheon in Fellowship hall. Mrs. Clarence Batson and Mrs. Ernest Oram were hostesses, and Mrs. Joseph Richard conducted the devotions.

Mrs. John Francis talked on history of the church and the community.

The New Lenox Garden Club members will make a tour of the Morton Arboretum at Lombard in place of their regular meeting today, October 3. Cars will leave at 9:45 a.m., and the group will meet at the Ginkgo Tea room at the Arboretum for lunch at 12 noon. They will tour the arboretum by bus.

At a recent meeting of the club it was voted to give \$75 to the local Lions Club.

The New Lenox Parent-Teacher Organization will hold a board meeting tonight at 7 o'clock in the Oakview school office. Everyone interested in schools is invited to attend.

St. Jukes school Parents Club will meet tonight at 8 p.m. in Bruns banquet room.

Speaker for the evening will be Judge Angelo Pistelli of the Juvenile court of Will County. His topic will be "A Day In Family Court".

The Bluebirds 4-H club with their leader, Mrs. Edward Berens, will hold their

first meeting of the new year on Saturday October 5 at 1:30 p.m., at the Francis 4-H field. This will be an organization meeting with election of officers for the coming year. Any girls 9 years of age or older are invited to attend.

The Trinity Lutheran Church men have started their Dart Ball games. They play every Tuesday night at 8 p.m. and are looking for new players. Next Tuesday night starts off their schedule, with their first game being played at Oak Glen, Ill. with the men of Trinity Lutheran church at 2505 Indiana Ave. at Glen Terrace. Cars will leave the church here at 7 p.m. All men of the church are invited to participate in these games, and anyone interested can call Ray Steinbrenner 8548, or come to the church on Tuesday nights.

Members of the Couples Club of Trinity Lutheran Church in New Lenox are planning for their annual progressive dinner, to be held in the members homes, on Sunday night Oct. 13.

Members of the club will be guests at the home of Mr. and Mrs. David McClure, Manhattan for the appetizers at 5:30 o'clock; the group will then go to the home of Mr. and Mrs. Kenneth Fritz where they will be assisted by Mr. and Mrs. John Buell in the serving of a salad.

For the main course of the dinner, the group will then go to the home of Mr. and Mrs. Joseph Wilmsen, 136 W. Francis road, where Mr. and Mrs. Larry Moeller and Mr. and Mrs. Donald Leidich will assist in the serving. After the main course, members will go to the church basement where they will be served dessert by Mr. and Mrs. Gene Krohn, and Mr. and Mrs. William Bruns. The regular business meeting will follow.
